

NSF Engineering Study

NSF Grant Award #HRD - 1036713

May 2013

Qualitative Interviews Participate

Thank you for participating in previous phases of our research study! Although understanding the experiences of current engineering students is important, the experiences of students who are no longer pursuing engineering is equally important to our team.

For this reason, we invite you to participate in another study that will consist of an interview format where you will share more about your experiences in engineering and your decision to take a different path.

Interviews will last about 1-1.5 hours. Participants of this study will receive a \$50 Amazon gift card for their time. Any information obtained about you from this research, including answers to interview questions, will be kept strictly confidential.

Want to participate? Please email Rebecca at Rebecca6@nmsu.edu to schedule an interview.

Who is eligible to participate in the interviews?

- **Former NMSU engineering students who...**
 - are no longer pursuing engineering as a major
 - OR
 - who are no longer attending NMSU

Why participate?

- **Be a part of something great! Your responses will help us understand the various reasons students pursue other careers.**
- **Earn additional incentives**

If you have any questions or concerns about the study, please contact the Primary Investigators:

Lisa Flores, Ph.D., Associate Professor
University of Missouri
Floresly@missouri.edu (573) 884-9724

Rachel Navarro, Ph.D., Assistant Professor
University of North Dakota
Rachel.navarro@email.und.edu (701) 777-2635
